

Insurance participation. Dr. Rosenzweig participates in most insurance plans from the following companies. Please note that the same company may offer multiple plans and Dr. Rosenzweig may not be a participating provider in every one of those plans. The office can verify prior to your first visit at your request.

- Medicare
- Blue Cross Blue Shield (BCBS)
- Independence Blue Cross
- United Health Care
- AETNA (excluding Better Health plan)
- Cigna (excluding Advantage plan)
- Devon Health Plan
- Oxford Health Plan
- Golden Rule

You are responsible for obtaining pre-authorization for your visit from your primary care provide if that is required. We cannot bill your insurance without that.

If your health plan is not listed above, you might still be able to submit for reimbursement from your insurance plan and will be provided with all necessary, supporting documents.

Dr. Rosenzweig is registered as a specialist and not as a primary care provider.

Fee schedule. Consultation fees are generally based on time and follow Medicare requirements. This includes time spent face-to-face, and also time spent reviewing medical records, composing notes and written communications, and coordinating care with other members of the healthcare team. Medicare also sets criteria for billing of additional time spent prior to, and following, the visit date. A new patient visit is billed at \$285/hour. Billing for home visits and also for brief electronic check-ins also follows Medicare guidelines. A detailed fee schedule is available on request.
